Dear Parents

Traffic Obstruction along Holland Grove Road during school dismissal

LTA has observed a potentially hazardous congestion along Holland Grove Road with a backlog onto Holland Road, especially during school dismissal. This is mainly caused by vehicle owners stopping or parking indiscriminately while picking up their children.

We would like to remind everyone that Holland Grove Road is a public road that is shared by all road users, and that parking and waiting along Holland Grove in front of the school is not allowed. The school gates will be opened 10 minutes before dismissal time. Please refrain from arriving too early to queue to get into the school, and causing a traffic congestion.

Please also refrain from stopping or parking at the junctions of Holland Road and Mount Sinai Drive as well as accesses of houses. Having the responsibility and mutual consideration to observe the traffic rules will greatly help all road users.

The LTA will take action against road users who cause inconvenience to others.

We thank you for your understanding and cooperation on this matter.

Best regards

Priya Govindaraju (Ms)
