

Student Learning Space (SLS)

As part of Ministry of Education's (MOE) commitment to nurture future-ready learners, an online learning platform known as the Singapore Student Learning Space (SLS) has been developed by MOE in collaboration with students and teachers. It provides all students across schools with quality curriculum-aligned resources and teaching and learning tools.

Teachers will also use the teaching and learning tools in SLS to design lessons for students to explore and work collaboratively. Students can also use the SLS to learn at their own pace and be responsible for their learning.

SLS accounts and passwords will be given to newly enrolled P1 students in Term 1 for activation. More updates will be given when the year starts.

For more information on SLS, please refer to

[https://www.moe.gov.sg/education/syllabuses/singapore-student-learning-space-\(sls\)](https://www.moe.gov.sg/education/syllabuses/singapore-student-learning-space-(sls))

Parents Gateway (PG)

Parents Gateway is a mobile app that connects parents and schools on key administrative matters, allowing schools to send updates on programmes and activities to parents, and for parents to perform administrative functions such as providing consent for their children to participate in school activities.

It aims to aggregate parent-teacher communications securely on a centralised digital platform. It is integrated with existing MOE records systems, so updates will be reflected in Parents Gateway in real-time.

Access to Parents Gateway is granted to parents and legal guardians of students studying in MOE schools in Singapore. Parents will need their SingPass to access Parents Gateway.
