We seek your understanding that the system may be slow during the peak period of use. If your child is unable to access SLS after 2 failed login attempts, you may wish to reset your child's password via the "Forgot Password" function on the login page. After resetting to a new password, your child will be able to login again with the new password. In the event your child's account is locked, please contact your child's Form Teacher or Subject teacher to request for unlocking of your child's account.

The lessons and tasks will continue to be made available for revision after your child has submitted his/her work.

Thank you.

Warmest regards,
Ms Cheng Xiaoxi
