19 February 2019

Through: Mdm Wong Su May
Vice Principal

Dear Parents/Guardians,

1. Home-Based Learning

We will be having our Annual Athlete Meet (AAM) on 22 Feb 2019 (Fri). The following home-based lessons and tasks have been prepared for our P1 to P6 students. These tasks are meant to develop self-directed learning, students may access them any time from **22 Feb 2019 (Fri), 8.00 a.m. to 15 Mar 2019 (Fri), 5.00 p.m.**

Subject	Online Lessons / Tasks	Maximum Time Required to Complete Lessons / Tasks
Cyber Wellness for P1-P3	<u>Student Learning Space (SLS):</u> Safer Internet Day 2019: P1 to P3 Lesson Package	30 mins
Cyber Wellness for P4-P6	<u>Student Learning Space (SLS):</u> Safer Internet Day 2019: P4 to P6 Lesson Package	30 mins

Please note that it is necessary for your child to complete the online lessons and tasks, in order to be adequately prepared for the topics covered. Some of these concepts may not be covered in depth by the teachers during curriculum hours. You may wish to support your child in completing the online lessons and tasks together, to learn more tips on Cyber Wellness.

If your child is unable to access to SLS after 3 failed login attempts, please inform your child's Form teacher or Subject teacher to reset your child's password. The lessons and tasks will continue to be made available for revision after your child has submitted his/her work.

2. myON Portal

I am also pleased to announce the use of myON, a personalised e-literacy platform in Henry Park Primary School. The myON digital library offers students access to a library of digital books with multimedia support, assessments and a literacy toolkit. It is accessible on all mobile devices and platforms.

We will continue to use myON during the P1-P6 EL periods in school and introduce students to the different features in the portal's interface. We would also like to promote myOn as a form of self-directed learning where students have access to the embedded dictionary and pronunciation tool which are helpful features in developing confidence in reading and independent readers. Each student will also be assigned a lexile test when they first access myON. It measures the student's lexile level and creates a recommended book list for each student based on his/her interest and reading abilities.

Through myON, we hope that students will engage with text in new ways and develop a new experience in learning with multimedia text. myON can be accessed from <https://myon.sg/>

If you encounter any technical difficulties, please contact:

myON Technical Support:
Phone: (65) 62255180

3. MC Online Administrative Portal

Parents and students will have access to the MC Online Administrative portal which will be used mainly for **surveys and PTM bookings**. The portal can be accessed from <https://www.mconline.sg>.

If you encounter any technical difficulties, please contact:

Marshall Cavendish Education Technical Support

Phone: (65) 6777 5198

Email: http://www.mconline.sg/lead/Login/contact_us_tech_support.html

4. Discontinuation of Koobits Problem Sums Online Mathematics Learning Portal and MC Online Learning Management Education Portal

The school will be embarking on SLS as its main online educational portal in 2019, as such we will not be subscribing to the Koobits and MC Online Educational Portal.

Your child's teachers possess the administrative rights to their students' accounts in SLS, myON and MC online portal, they will be able to assist in password reset. Please approach them for matters relating to your child's user id and passwords.

We hope that your child will have an ICT-enriched learning experience through the use of these platforms in 2019. Thank you for your support.

Thank you.

Warmest regards,
Ms. Cassandra Sim
HOD (ICT)

Vision

Lead with Character, Serve with Talents
